

FPU SOFTWARE ORDERING INFORMATION

***When ordering FPU software there is a simple rule to follow:**

- ◆ The CPC-288 (VB-444201) and CPC-576 (VB-444301) are the only CPC cards that require one FPU ROM.
- ◆ Each CBL card CBLDBS (VB-44451) and CBL576 (VB-44452) require one FPU ROM.
- ◆ There is one CBL card for each expansion cabinet.

With this said, you would require one FPU ROM for your CPC-288 or CPC-576 and one FPU for each CBL card.

EXAMPLE:

3 cabinet system set up.

1 FPU for your CPC-288 or CPC-576

1 FPU per CBL card. 2 CBL cards one for each expansion cabinet

CPC= 1FPU + CBL= 1FPU + CBL= 1FPU= **3 FPU ROMS TOTAL**

*Fill in the quantity of FPU ROMS needed on this section of the software credit card request form.
